If your party-line neighbor comes in on the line and says, for example, "My house is on fire," please give up the line without delay. Remember, if you mean the saving of both life and property.

If your telephone rings immediately after you have received a busy signal and hung up, you probably have called a party on your line. When your telephone stops ringing, it's a signal that your party has answered. Lift your receiver and begin your conversation.

If the ringing does not stop within about one minute, it is probable that the called party is not available. To clear the ringing, lift your receiver and replace it.
