

Heroes to 1955-1975

What could be offensive about a nice gravestone with just two words “UNKNOWN SOLDIER”
The Detroit Society for Genealogical Research had done a detailed study of Warren Union Cemetery in 1938 and indicated that there was a soldiers grave marked by a flag in the area where the stone had been placed that stated Unknown Soldier. Those folks were very thorough. A family donated a beautiful and expensive black granite memorial.

Two people did this secretly without just cause, without vote of Village Commission Historical Society or a public hearing, They do

Several other memorials are now missing which we do not have pictures of. According to the Warren Police, WWJ and Macomb Daily officers of the Warren Historical Society are behind the robbing of the above from graves at Warren Union Cemetery

not own the markers, or the cemetery. They robbed Warren's unknown soldier memorial from a grave and they stole a memorial that listed Warren soldiers who are buried there. **This was the only memorial showing the names of these soldiers. Nothing was found wrong with these memorials in a later public meeting** And they stole the memorial to all veterans and to those who died on attacks on our country (Pearl Harbor affected many families) and 9-11 (including over 400 policemen and firemen among the 3000 killed) and they stole another that told what our flag stood for and yet another that honors those many children and pioneers buried there without markers. **These memorials were causing no harm. There is lots of room for them. They posed no threat. There is nothing disrespectful or wrong about these memorials.** The memorials were there to honor men who died and to educate visitors especially young people who no longer learn about history in school. We veterans saw friends die. We served our country with honor and integrity. We feel it is wrong to steal memorials showing soldiers honored service to future generations. They at least earned their name on a granite stone. Now visitors including young people will not be able to see who these soldiers were. Now many of our soldiers have no marker at all because the only one they had was stolen. This was not done by the historical society but by two persons, without a vote of the membership. Taking property that is not yours is called stealing and when it is worth several thousand dollars it is grand larceny. It has been over a year and they have not returned them. **Stealing memorials that name our soldiers is worse than disgraceful. They are robbing our history left for our young people who no longer are taught history in school. No one should be allowed to steal memorials they don't own out of a cemetery they don't own. We veterans feel that they have disrespected our soldiers, our flag and those who died on attacks to our country. These memorials were donated without cost to the city possibility by out of town descendents of those buried there.**

We veterans are asking that The Warren Village Commission simply acknowledge that these memorials are not a threat to anyone, harm no one, honor our Warren Soldiers many of which are buried in Warren Union Cemetery which has lots of room for them and does so without cost to the city. We also ask that the people who removed them without public notice or the vote of The Village Commission simply return them without cost to the city. This will also avoid costly and ugly legal battles supported by hundreds of veterans over the improper removal (grand larceny) and disrespecting of our soldiers. This simple and cost free action would make The Warren Village Commission heroes to thousands of Warren children, and veterans who look to them to preserve our Warren Village Historical and American Heritage to future generations.

This also fulfills the missions of The Warren Historical Commission, the society and Village Commission to preserve our history and educate future generations. **But if they choose to disrespect our soldiers and veterans and those who died defending our freedom and on attacks on our country let it be known that we (and there are hundreds of us) will mount a campaign against those few disrespectors. We veterans are not going to allow men and women who died to be disrespected and their history stolen from our local cemetery. Attention attorneys we are looking for attorneys who are willing to help us fight this cause. We are willing to do fund raising to pay you. We are looking for banks or organizations who are willing to accept donations directly to them for this cause. None of us is to accept funds rather they are to go directly to the banks. History will note whether these disrespectors of those who died for our freedom shall be known as the Warren "Hysterical" grave robbing society, or shall be known as Historical Heroes who preserved our American Heritage, educated future generations and respected our soldiers.**

Heroes

Many people today have no idea of the pain and suffering that these men went through so that we may enjoy freedom. It is about remembering our heroes to future generations.

The Vietnam War was the longest war in United States History. Nearly 60,000 Americans were killed. 2,650 from Michigan died. We were asked by our president to go to war to save the world from Communism. We had to play by rules. They would not let us win. The enemy did not have to play by rules. Many of us got medals. Many of us have stated that we would rather give up the medals and have our friends back. Many of us ask why was I spared and my friend killed. Many that died should have been given medals but there is no one alive to tell their story. There are really no winners in wars. Too many are killed over nonsense. We killed people we had nothing against and they killed us and they had no grudge against us personally. Why for what?

The American public was told we lost the war but later historians have discovered that the enemy was so beaten up that they were barely hanging on by a few threads. So we won the war. I would still rather have my friends back. What did we win? And for what? Then we came home and were despised as killers for doing what our country asked us to do.

VietNam Era Needless Deaths and Suffering?

1964-1973 Almost 9 million service personnel were mobilized, at least 58,253 were killed some may still die of their wounds yet. 53,303 were physically wounded. Thousands were mentally wounded. There are 591 American POWs..

Nearly 600,000 other people died. I served during this time. If you didn't volunteer there was a good change you would be drafted. When I got home I was insulted and made fun of. Many vets had their lives wrecked. Many of us still have nightmares and flashbacks. Can you imagine what is it like having to pick up up your best friends body parts and put them into a body bag? Many have cancer and other problems related to this needless war. Did my brothers die for freedom? Were we sent to die so private companies made a profit. Rich kids often got out of serving. Later they made fun of us. A common opinion of veterans from this time is that the generals were not allowed to win the war. Is there a parallel today with Chaney's company ripping off out troops and making millions in profit from them? If the President, Vice President and members of congress so dedicated to our troops why is it that neither they or their kids are serving in Iraq? I am just asking a Historical Question.

The following information was researched by Mike Grobbel. I quote Mike Grobbel

["Paul Gordon Hazen](#) was the son of Adelbert G. Hazen (Center Line Mayor, 1954-1960) and his wife, the former Leona Borsekowski. Paul was born on Sept. 7, 1944 and in 1965 he was drafted into the

U.S. Army. On Dec. 4, 1965, SP4 Paul Hazen began a tour of duty in South Vietnam that ended on Sept. 23, 1966 when he died of multiple fragmentation wounds suffered during hostile action. He was the first Center Line soldier to die in the Vietnam war."
