

Descendants of Frederick Schaeffer

Generation No. 1

1. Frederick¹ Schaeffer was born Abt. 1696 in Germany.

Child of Frederick Schaeffer is:

- + 2 i. Wilhelm² Schaeffer, born 1721 in Reinland, Preussen, Black Forest Area-High Germany; died 1767 in Sussex Co, NJ.

Generation No. 2

2. Wilhelm² Schaeffer (Frederick¹) was born 1721 in Reinland, Preussen, Black Forest Area-High Germany, and died 1767 in Sussex Co, NJ. He married **Katrinka** Abt. 1738 in Sussex Co, NJ. She was born 1723, and died May 11, 1776 in Sussex Co, NJ.

Notes for Wilhelm Schaeffer: Somewhere I picked up when Wilhelm came to this country, he came as a tax collector for England. They were loyalist during the Revolutionary War. The 200 acres were a land grant after the war. Wilhelms father might have been a Frederick. If you go back to Germany there are others who I wondered if they might be brothers?

Children of Wilhelm Schaeffer and Katrinka are:

- + 3 i. Barnet (t)³ Shaver, born 1762 in Hunterdon or Sussex Co, NJ; died December 20, 1849 in Middlesex Co Ontario.
- 4 ii. John William Shaver, born 1739.
- 5 iii. Federick Shaver, born 1747.
- 6 iv. William Shaver, born April 16, 1753.
- 7 v. Peter Shaver, born Abt. 1750.

Generation No. 3

3. Barnet (t)³ Shaver (Wilhelm² Schaeffer, Frederick¹) was born 1762 in Hunterdon or Sussex Co, NJ, and died December 20, 1849 in Middlesex Co Ontario. He married **(1) Sofie Springer** 1787. She was born in PA?. He married **(2) Elizabeth Garner** July 16, 1816. She was born Abt. 1768, and died 1855 in Pond's Mill Cemetery London, Westminster, Middlesex Co. Notes for Barnet (t) Shaver: Barnett showed on the Lebanon Militia rolls for 1792 and 1793. Barnett and brother William moved to Ontario around 1795 owned 200 acres in Ancaster Twp. Wentworth Co. Ontario, Moving to Westminster Twp. after 1800. This Wentworth Co. is on the main route to Niagara Falls from London. I was surprised to find Shaver Road, Shaver this or that, and a Shaver Bed and Breakfast.

I believe Barnett to be the son of Wilhelm Schaeffer b. 1721, Reinland, Preussen, Black Forest Area-High Germany d. 1767, Sussex Co., NJ, m. Katrinka b. 1723, same area, d. 5/11/1776, Sussex Co., NJ.

Children of Barnet Shaver and Sofie Springer are:

- + 8 i. John Nelson⁴ Shaver, born 1801 in Welland Co, Ontario; died May 17, 1883 in Middlesex So. Ontario.
- 9 ii. Margaret Shaver, born 1798.
- 10 iii. Burras Shaver, born 1802.
- 11 iv. George Shaver, born 1811.
- 12 v. Robert Shaver, born 1816.

Generation No. 4

8. John Nelson⁴ Shaver (Barnet (t)³, Wilhelm² Schaeffer, Frederick¹) was born 1801 in Welland Co, Ontario, and died May 17, 1883 in Middlesex So. Ontario. He married **(1) Orrilla Amanda Ormsby**. She was born 1805 in USA, and died April 17, 1867. He married **(2) Matilda Hart**. She was born Abt. 1805.

Children of John Shaver and Orrilla Ormsby are:

- 13 i. Amanda⁵ Shaver, born 1821.
- 14 ii. Darwin Shaver, born 1827.
- 15 iii. Sahah Huldah Shaver, born June 15, 1831; died January 5, 1898 in Roscommon MI.
- 16 iv. John Nelson Shaver, born 1832.
- 17 v. Philander Shaver, born 1834.
- 18 vi. Horace Philemon Shaver, born 1837.
- 19 vii. Joseph Henry Shaver, born Abt. 1840.
- 20 viii. Ellen Shaver, born 1847.
- 21 ix. Matilda Shaver, born 1849.

Child of John Shaver and Matilda Hart is:

- + 22 i. Ezekiel⁵ Shaver, born 1824 in Ontario Canada; died April 24, 1894 in Watrousville Tuscola County Michigan.

Generation No. 5

22. Ezekiel⁵ Shaver (John Nelson⁴, Barnet (t)³, Wilhelm² Schaeffer, Frederick¹) was born 1824 in Ontario Canada, and died April 24, 1894 in Watrousville Tuscola County Michigan. He married **Nancy Ann Berry** March 12, 1845. She was born Abt. 1829 in Canada, and died November 15, 1896 in Watrousville Tuscola County Michigan.

Notes for Ezekiel Shaver: Ezekiel (Ezehiel), I found it both ways, b. 1824, Ont., Canada, m. 3/12/1845 Nancy Ann Berry b. abt 1829 in Canada. I believe all their children were born in Ontario. They did not show on the 1860 US census but did on the 1870, I believe it was for Tuscola County. (It listed Ezekiel's parents as being German???) They farmed the E1/2 of the NW 1/4 of Sec. 15, Juniata Twp., Tuscola Co. (80 acres). This is located on Hwy 81, the south side of Caro Rd., west of Fenner Rd., east of Waterousville. I made a trip there while in the area. The property is located at the west end of an apple orchard. There is still a foundation there, I believe it was their home. there is also a museum in Waterousville that is only open a couple of days a week for a few hours but has a quilt that was made by the community with their names on it.

From research by Cathy Yambrick cay@usol.com

Wesley Arnold adds I photographed the entire Watrousville cemetery and recorded the names and years from all of the stones also tracked down a 1939 walk thru of the Watrousville cemetery. No Shavers had stones. But the county record shows the following deaths.

Children of Ezekiel Shaver and Nancy Berry are:

- + 23 i. Thomas E⁶ Shaver, born October 18, 1849 in Ontario Canada; died April 13, 1896 in Vasser MI.
- 24 ii. Daniel W Shaver, born Abt. 1856.
- + 25 iii. Philander Putman A Shaver, born July 30, 1857 in Canada; died April 15, 1902 in Elkton MI.
- 26 iv. Peter Shaver, born Abt. 1860.
- 27 v. Rodney Shaver, born Abt. 1861.
- 28 vi. Charles Shaver, born Abt. 1863.

Generation No. 6

23. Thomas E⁶ Shaver (Ezekiel⁵, John Nelson⁴, Barnet (t)³, Wilhelm² Schaeffer, Frederick¹) was born October 18, 1849 in Ontario Canada, and died April 13, 1896 in Vasser MI. He married **Emma Isobel Tibbits** February 20, 1875. She was born November 9, 1856 in Niagara Co. NY, and died November 12, 1932 in Millington MI.

Children of Thomas Shaver and Emma Tibbits are:

- 29 i. Everett C⁷ Shaver, born March 18, 1876 in Fairgrove MI; died September 25, 1918 in Vasser MI.

Notes for Everett C Shaver: Everett died at 42 of what they called painters consumption. He was a interior decorator in Vassar. Thomas would have been 46 when he died (cemetery records show he died of cancer of the nose), census says he farmed, probably same as father. I also have some small stuff on the other brothers. On to what you really want to know!!!

- 30 ii. Ovid T Shaver, born August 1879 in Vassar/Fairgrove area MI.
- 31 iii. Gerald W Shaver, born August 1881 in Vassar/Fairgrove area, MI.
- 32 iv. Jennie A Shaver, born November 1883 in Vassar/Fairgrove area, MI.
- 33 v. Charles R Shaver, born March 1886 in Vassar/Fairgrove area, MI.
- 34 vi. Gertrude Shaver, born March 1888 in Vassar/Fairgrove area, MI.
- 35 vii. Velma Shaver, born November 1891 in Vassar/Fairgrove area, MI.

25. Philander Putman A⁶ Shaver (Ezekiel⁵, John Nelson⁴, Barnet (t)³, Wilhelm² Schaeffer, Frederick¹) was born July 30, 1857 in Canada, and died April 15, 1902 in Elkton MI. He married **Louisa Lottie Jane Aldrich** November 7, 1879 in Fairgrove MI, daughter of Marcus Aldrich and Jane West. She was born December 9, 1860 in Fairgrove MI, and died May 9, 1948. Filander (Philander) A Shaver immigrated to the US in 1864. In 1900 he was working on a mortgaged farm in Almer Township of Tuscola County. At the time of his marriage Nov 5 1879 he gave his age as 23. At that time they were living in Fairgrove MI. see book 3 page 114 Tuscola County records. He was a farmer as was his father. The 1870 census shows him in Fairgrove Twp page 23 ent 178. He was the choir director at the Bethel Methodist Church of Fairgrove. My grandfather Daniel Thurston Stewart who married his daughter Flossie stated he was a very nice person. Filander died on April 15, 1902 after something scared the horses he was driving and they took off with the buckboard hitting something and smashing his sholder. Reportedly the doctor was drunk and didn't set the bones right and he died soon thereafter. Main stone has a book on top with Mother and Father stones near base.

Children of Philander Shaver and Louisa Aldrich are:

- + 36 i. Myrton⁷ Shaver, born January 1, 1881 in Fairgrove MI; died Bef. 1995.
- + 37 ii. Irene Rosella Shaver, born July 10, 1883 in Bethel MI; died April 25, 1959 in Forest Lawn Detroit MI.

- + 38 iii. Flossie Mable Shaver, born December 18, 1887 in Faigrove MI; died March 8, 1949 in Center Line MI.
- 39 iv. Rhoda Beatrice Shaver, born October 5, 1890; died October 5, 1954 in buried in Detroit. She married Edward Harper December 23, 1925; born Abt. 1888.
- + 40 v. Stanley Blake Shaver, born June 11, 1892 in Bethel MI; died 1960 in E Twas MI.

Generation No. 7

36. Myrton⁷ Shaver (Philander Putman A⁶, Ezekiel⁵, John Nelson⁴, Barnet (t)³, Wilhelm² Schaeffer, Frederick¹) was born January 1, 1881 in Fairgrove MI, and died Bef. 1995. He married **Nellie Salgat** Abt. 1904 in area of Caro MI. She was born February 6, 1884 in MI, and died Bef. 1994. Children of Myrton Shaver and Nellie Salgat are:

- + 41 i. Blenford Royce⁸ Shaver, born November 1, 1905 in Caro Mi.
- 42 ii. Murray Delos Shaver, born September 22, 1907 in Caro Mi.
- 43 iii. Wilford Boyd Shaver, born May 1, 1910 in Caro Mi.
- 44 iv. Carlyle Ross Shaver, born May 19, 1912 in Caro Mi.
- 45 v. Ronie Addison Shaver, born October 31, 1914 in Caro Mi.
- 46 vi. Lawrence Myrton Shaver, born July 22, 1917 in Caro Mi.
- + 47 vii. Maxine Shaver, born Abt. 1918 in Caro Mi.
- 48 viii. Fred Shaver, born Abt. 1920.
- 49 ix. Ludrick Carl Shaver, born September 3, 1922 in Caro Mi.

37. Irene Rosella⁷ Shaver (Philander Putman A⁶, Ezekiel⁵, John Nelson⁴, Barnet (t)³, Wilhelm² Schaeffer, Frederick¹) was born July 10, 1883 in Bethel MI, and died April 25, 1959 in Forest Lawn Detroit MI. She married **Emauel E Stahl** June 28, 1905 in Saginaw MI. He was born July 16, 1885 in Stephen Twp Huron Co Ontario Canada, and died May 20, 1955 in Mt Clemens MI. Children of Irene Shaver and Emauel Stahl are:

- 50 i. Gertrude Irene⁸ Stahl, born March 30, 1906 in Saginaw MI; died July 4, 1981 in Florida.
- 51 ii. Leonard Stahl, born May 7, 1907; died Bef. 1990.
- 52 iii. Richard Edward Stahl, born April 18, 1909 in Saginaw MI; died March 27, 1927.
- 53 iv. Russell Lewis Stahl, born December 10, 1910 in MI; died May 3, 1934 in Detroit MI.

38. Flossie Mable⁷ Shaver (Philander Putman A⁶, Ezekiel⁵, John Nelson⁴, Barnet (t)³, Wilhelm² Schaeffer, Frederick¹) (Source: Marriage Certificate.) was born December 18, 1887 in Faigrove MI, and died March 8, 1949 in Center Line MI. She married **Daniel Thurston Stewart** (Source: Record of Birth.) May 24, 1906 in Saginaw MI, son of George Stewart and Clara Mann. He was born May 24, 1884 in California MI, and died June 25, 1966 in Mt Clemens MI. Daniel Thurston Stewart born 1884 May 24 California MI

Thurston, as he was known by was born in a farmhouse in a rural area near California, Branch County Michigan. The farmhouse is located one half mile east on the south side of Haight Road from Locus Road. The eighty acre farm was located on the east half of the southwest quarter of section twelve of California Township 8 range 5 west. See map. Uncle Daniel J. Stewart noted in his diary "Georges folks had a son born shortly before midnight. Dr Merry Physician. " Thurston's mother was from a plantation at the mouth of a river near Corpus Christi Texas or further East. His family used his middle name because there were so many Daniels in the family.

It should be noted that although Thurston may have been taken advantage of by his brothers he remained a very kind and considerate individual. (This historian was raised by him and can testify to his kind and considerate nature.) Thurston was

the youngest of three brothers (Warren and George). His parents dumped the three boys on Daniel J. Stewart and his wife Elvira Margaret Ball Stewart their uncle and aunt. Also living in the home was Margaret Elvira Selfridge Stewart Thurston's grandmother. His father George had been a judge in Texas who turned salesman who traveled a lot and suffered quite a bit from poor health. Clara was busy writing, selling books and traveling. George and Clara gave custody of their three sons to Daniel J Stewart and his wife Elvira who was called "Aunt Vie." Thurston grew up working hard on the farm. From what I as his grandson heard from others he was the least favored child. His parents helped his two brothers go to college but he was left out. Thurston wrote that he lived for ten years (memory error) with "Uncle Dan, Aunt Vie, Grandma, and Brother George near a cider mill near Ray Indiana." A favorite joke was that the family had one room in Michigan and one in Indiana and that the train would pass by in between. Uncle Dan J Stewart and his mother E. M. Stewart did grant a right of way to the Ohio & Michigan Railroad and cut a lot of wood for the RR but the tracks were never laid. As of 1977 the old farm house where he was born was still in use and had two big hemlock trees in front. In March 1889 the farm was sold to Uncle John A Selfridge of Jonesville for \$3,630. The family relocated to the EB Jennings farm near Fairgrove MI where the house was located two miles south of Fairgrove and four tenths of a mile east on Gilford from Hinson Rd. Several trips to Fairgrove were made by horse drawn wagon although members of the family also used the trains.

In the 1890's many students either did not go to school or went to a one room schoolhouse. Thurston had one teacher for several grades but in his last year, he wrote "the year... I being 15 finished my school term in the 8th grade, and here is where we had teachers that were teachers, the school a great big building, there were at times 65 to 70 scholars, from 1st grade to the 8th grade reg. But our teacher was very pleased to give some of us work in some advanced work that came up in the 9th and tenth grade as there was no high school anywhere near us at that time. I carried ten subjects and an extra one at times this happened in the year 1899 and the class had its graduation in June 1900. There were about 17 of us. One girl the Valedictorian...in her address mentioned 'We have reached the summit, but there are peaks beyond.'"

In 1900 at age 16 he tells about his daily life. First he "had chores to do, then look after four acres of potatoes, six acres of corn, and a bog garden, all of course for the benefit of the family, as my uncle with whom I had lived all my life, went out to work for others, so to bring in a little extra money. Then through the year there were other things that came up to work at, and then that same year I had the chance to weed and thin out sugar-beets ...and could make about one dollar a day.... I had a job on the farm arose 4:30 AM to kurry and harness four to six horses and feed them, milk two or three cows before breakfast and be in the field by seven AM or earlier. One hour and fifteen minutes for dinner and feeding 2-6 horses, in the field until 6 PM. Later some chores but in bed at 9 most of the time. Don't let anybody tell you that everybody worked eighteen hours a day, they didn't except once in a while for a few days when necessary..." In my seventeenth year I worked out by the month on a farm, at fifteen dollars a month."

"In 1901 President McKinley was shot and I was in Cleveland at this time." "In 1902-3 my brother and I worked together on a farm of 120 acres, had 20 acres sugar beets. Lots of work. Then in 1904 we moved to Caro, and I worked in a shoe factory and also in the sugar factory there. I saw piles of light brown sugar as big as our house and four to five feet deep and men had to walk around in it with rubber boots on as it had to be moved and shoveled over somewhat, and workers could go there and fill their empty lunch box at going home time, free. In that year my father died, after quite a long illness, in which I was with him most of the time. This was in a hospital in Alpena Mich. He had kept up a little insurance so after the expenses were met there was about two hundred dollars for each, my brother and I. So that year in the early spring I purchased a pair of young horses, wagon and some farm tools and went to work, on some rented land, put in five acres sugar beets, 12 acres of corn, 10 acres of field beans, and ten acres oats. Then my brothers work took him to another city and I found myself without a home, this was not so good, so after a while I dickered around and got rid of the farm crops, sold off everything and went to Saginaw." "There I went to work for the Herzog Art Furniture Co. for four years. During that time I married to your grandmother (Flossie Mable Shaver) We were married on May 24, 1906 on my 22 birthday, and Mother [his wife] passed away on Mar 8, 1949. This gave me about 55 years of married life." Thurston had been active in young peoples groups in the local church and had met Flossie Shaver there. Her father was choir director. Thurston and Flossie enjoyed picnics, walks, and horse drawn carriage rides. "In march of 1910 we moved to Indianapolis Ind. We were there three years, then moved to Lansing so I could go to Michigan Agricultural College ..." He then worked at a big farm near Oxford Mich. For two years. They moved to Pontiac in 1914. In 1920 they moved to a farm in Milford Mich. In 1924 they moved to Detroit. TD adds "Now this looks like a lot of Moving, but it seemed OK & everything worked out fairly well, except that Mother was sick for a lot of the time, and that made it hard for her."

They raised sheep, sheared off the wool and the women spun the wool into yarn which was either sold or made into garments. He tried to better himself by taking International Correspondence School courses in carpentry, masonry, building etc. Later he became an excellent carpenter. He built several houses. He was a member of the Presbyterian church, the

Masons and very active in providing leadership to the Boy Scout movement. He was a generous and friendly person and often helped others. He was a Christian believing in the teaching of Jesus of Nazareth. He took bible study classes in church and was active in Sunday school. Thurston and Flossie adopted Dallas John Stewart as an infant. Dallas was born Feb 22, 1918 in Ann Arbor. About fifteen months later on June 13, 1919 Dorothy Jane Stewart was born in the old house 290 Oakland at Dixie highway in Pontiac Michigan.

In 1920 they moved to a farm out in Milford Michigan near West Highland near M56. It may have been the Ivory Farm, anyway it was owned by Brace Beamer who was the actor who played The Lone Ranger. Thurston continued to help perhaps hundreds of boys by being a leader in the Scouting movement.

His mother died in 1928 when he was 44 years old. Dorothy remembers going to the funeral.

The family lived at 8616 Traverse St. Detroit. He had a lawnmower sharpening business on the side for extra income.

Now a carpenter he built several houses including 11493 Whithorn Ave. Detroit which was taken away from them during the depression. The family went through some very hard times. Rationing, bread lines, doing without many necessities. He even tried to eek out a living selling ScotnFetzer vacuum cleaners, and other items.

In 1934 Thurston now fifty years old worked at Motor Products Corp in Detroit. In 1938 his daughter Dorothy was run over along with several other people by a drunk driver. The aftermath drained the family. About 1939 the he bought a vacant lot in a suburb of Detroit named Center Line. There he started over again and with worn out tools built another house. They saved money by living in one room as it was built. This became the final family residence which they lived in until their death. They raised chickens and rabbits. It is noted that he chose to spare a chicken thief's life one evening. In 1942 Dorothy left for Texas to get married. In 1944 Thurston was sixty and still working hard at the motor products and doing carpenter work on the side to help pay the bills. One day he surprised Flossie with an addition of an instant bay window for the kitchen. Actually he had done most of the work the day before and just assembled it before she awoke. There was mutual love, understanding, cooperation, and trust in the family.

Son Dallas went off to fight in World War II. Dorothy's husband Beamon was in the Normandy Invasion and spent many months in combat. Flossie died at home March 8, 1949 from an illness that caused thick stringy brown flem. I remember standing behind the closed kitchen door listening and not being allowed to peek while the undertakers carried grandmother's body out. And that was the first time I saw my grandfather cry.

I remember in the 1950's Grandfather Thurston would get up early fix breakfast for everyone, go off to work. Upon his return he would help with dinner and do the chores. Sometimes I would help him feed the animals. Dorothy had left her husband because he was cruel to her and moved back in with her mom and dad. Grandfather Thurston often fell asleep while watching the 11 o'clock news. He raised me as if I were his own son. I cannot even once think of an instance when he was unfair to anyone even though I do remember at least two spankings which I probably deserved. But he explained that it hurt him as much as it hurt me.

In 1952 Thurston, Dorothy, Wesley, Cousin George Stewart and his wife Helen made a trip to Reading and Montgomery Mich. To visit Angus's burial place and Thurston's birthplace.

In June of 1952 now at age 68 Thurston retired from Motor Products after nineteen and one half years because he had to have a hernia operation which was causing him great pain. He had to sell half of his lot to pay for it. Clem Weingartz bought the lot and built a house on it. Clem and his wife Catherine were the great neighbors. The Mosiers a retired couple lived on the other side and had a boarder Frank. Across Lillian Street were the Martins. The street was one of packed dirt with lots of shady elm trees on both sides. In later years it was paved. Thurston has hospitalized again in 1953.

Before he died he was awarded a medal for the many years of service and veteran status by the National Council Boy Scouts of America. Those scouting ideals were the ideals he lived by, and there are many of us in the community that are grateful for his many good deeds. We salute you Daniel Thurston Stewart. May your dream of peace, freedom and justice for all come true for mankind and may your hope in the eternal life with Jesus come to pass.

He was buried at Forest Lawn Cemetery in Detroit Michigan (section 40, lot 73 1 ½ grave 8) as was his wish in his scouter uniform. He was 82 years old. Children of Flossie Shaver and Daniel Stewart are:

- + 54 i. Dallas John⁸ Stewart, born February 22, 1918 in Ann Arbor MI.
- + 55 ii. Dorothy Jane Stewart, born June 13, 1919 in Pontiac MI; died March 27, 1982 in Mt Clemens MI.

40. Stanley Blake⁷ Shaver (Philander Putman A⁶, Ezekiel⁵, John Nelson⁴, Barnet (t)³, Wilhelm² Schaeffer, Frederick¹) was born June 11, 1892 in Bethel MI, and died 1960 in E Twas MI. He married **Vada Maude Stephison** January 1919 in Caro Vasser, daughter of Richard Stephison and Cleora Snell. She was born September 11, 1897 in Riley Center MI, and died June 11, 1981 in bur Waterford MI. Notes for Stanley Blake Shaver:

Stanley grew up on a farm first at Bethel (near Port Huron) MI, then at a farm across from a church. Then he worked on a farm possibly at Coss City, Caro or Vasser. After marrying Vada they lived in Tuscola County near Caro. He was raised Methodist or Presbyterian. He worked for Fisher Body. In 1921 he started his own well drilling business resulting in hundreds of families having water for their homes. The family moved to Sylvan Lake near Pontiac MI and spent their last years there. He is buried at Ottawa Park Cemetery in Waterford MI. Children of Stanley Shaver and Vada Stephison are:

Wes was a caring college professor, humanitarian, Golden Rule advocate, and compiler of many useful books **which are free online at dogoodforall.today, or amazon.com**. His most valued book is Be a Success with Proven Success Practices. **His favorite saying was "BE KIND DO GOOD"** He stated the world needs this most with peace. He was best known for his historical research on Warren history (122 full sized books.) He hosted the dogoodforall.today website with many useful items including 5,000 scholarships and hosted a several month long Historic Picture Exhibit at Fresh Start Restaurant in Center Line. **He believed in what**

Jesus taught Do to others only as you want done to yourself. .

Accomplishments: Worked as a humanitarian as a golden(Human) advocate. Earned several college degrees including as BA Social Work, MA in teaching and did some Doctoral work on languages. Was a social worker for 14 years working both at American Red Cross and State of Michigan Social Services. Compiled 236 useful books: Be a Success, Workable Solutions to

the Problems of Our Time, many local history books. There were about 100 of his books on amazon. He was a caring teacher both in private sector and at Macomb Community College. Subjects were mostly success and Information Technology

related. He first taught other scouts in the Boy Scouts, then substitute taught every grade level in local public schools while working on a Masters degree in teaching. He taught at a few private schools, also in adult education and taught 50 different subjects at CompUSA. He was proud that he helped his students learn both the subject matter of the class and success knowledge, and he helped them get good grades. He did expect his students to learn the most important facts and was a believer in the Socratic method of asking questions to aid learning. He gave students sets of notes which covered all exams. He got many good reviews from students. He was placed in Who's Who in Education and other Who's Whos. He stated students should learn and teachers should facilitate learning.

He did extensive research in Center Line and Warren Michigan history and indexed and photographed seven related cemeteries. He created a historical archive of all of which he made available free on the Internet and on free DVD. Copied 100s of historic pictures and put them in a historical archive. The archive exceeded 30,000 pages and also over 30,000 fotos (modern spelling). He is often quoted for his research in Warren and Center Line history.

Researched and set up his own solar panel power generating system and published a booklet on how others can get free electricity and always be able to charge their fones (modern spelling) and have power. Added solar power to his Personal Electric Vehicle to get free fuel.

He researched the idea of how to create the most inexpensive Personal Electric Vehicle and created one that also got free fuel. From the sun.

He wrote an articles on how parents and grandparents could improve their children's chances for success, on how to improve things, and how to create a better future. He created an online think tank "Improving Things For All" on Facebook. He was a long time scouter promoting good values, Helped ESL students learn English using his research. Served four years in US Army got shot but stated he just did his job which was fixing radios. Studied for and passed the second highest radio exam and became a licensed civilian radio operator.

Enrolled in several college classes (including 2 from Harvard) in the 2010-20s earned an A grade.

Researched classmates Center Line High School accomplishments, wrote a history and organized a successful class reunion. Created a 24/7 class reunions websites on Facebook from CIHS-StClement HS, LHS, FitzHS so those oldsters who can no longer travel can still meet with classmates.

Promoted good music on his website.

Promoted Science as a way of thinking and to help solve problems.

Gave classes to fellow college professors on how to find things on the Internet and about SE Michigan History and the most interesting videos on the Internet.

Learned how to play the violin then decided to switch to keyboard and is learning to play music. Hopes to influence great grand children mentally thru (modern spelling) music. It is proven music helps brain development.

Repurposed 2/3s of his attic from a useless collection of useless boxes of stuff to a working HO railroad with three 30 foot long tracks. Has Turntable, switches, fifty pieces of rolling stock 22 engines and a few buildings showing America (Public Library with American flag, church, train stations, homestead, crop farm dairy farm with silo, signal tower.) (Stated does not expect to live long enough for the great grandchildren to use it) but it all can be unhooked into easily movable sections and set up in parts anywhere. The train table also includes a planetarium that can project the night time sky onto the white angled ceiling of the room. This attic room is also a science room with microscope, star projector, radio kit, robot kit, several other learning kits, book shelves with visual encyclopedias, scout handbooks, science books, Magnet assortment, Chess, checkers, Amateur radio station, telescope, clear glass skylight one can see start thru (modern spelling lets get rid of the archaic gh) Commodore 64 computer with learning programs. Dozens of educational programs for modern computers. World book and several easy topical encyclopedias.

(Britannica and World Book encyclopedias are downstairs.)

He also built several robots, some from kits and several from trial and error and had to machine the parts and program them. The purpose was to learn about robotics and to teach visitors children about how things work and in process help get more customers to Fresh Start Restaurant (helping a friend Wade Rogers) on Tue and Thur evenings. Also good for exercising brain as have noticed some cognitive decline this year.

He kept on teaching at the college after retirement and feels fortunate to still be sharp enough and physically able to continue to do so as his 80th year draws nearer.

His efforts here near the end of his life are to both be a good teacher helping students learn and to be a success and to educate the public thru his website and in public speaking about important issues. Above all to promote the Ideas of BE KIND, DO GOOD, Humans are humane sociopaths aren't, cause no harm by actions or inaction. Standard of human conduct should be DO

ONLY AS ONE WOULD WANT TO BE DONE TO. WHAT YOU WOULD NOT WANT DONE TO YOURSELF
DON'T DO

TO OTHERS. He promoted these ideals on Internet and in life.

His last act will be to donate his body parts to those who need them. End of accomplishments.

His most valued book is Be a Success with Proven Success Practices. This small 40 page booklet can save lives. Please read it and give it to young people. It is free on dogoodforall.today and on amazon.com.

He did graduate research into the world language problem for his Masters Thesis. The purpose was to find information that would help save human lives. The research he did had the potential of saving thousands of lives and also saving taxpayers millions of dollars. He was also a loving caring father and grandfather who tried to help them as much as he could.

Wes uncovered research by others and also verified that research by his own graduate university work that indicated the following: There is much non understanding and misunderstanding when people try to communicate between the over 7,000 languages currently being used in the world. Many lives have been lost in emergencies, and in aircraft and ship accidents, and from medical problems due to language misunderstanding due lack of ability to understand another language and mistrust. There is an international vocabulary of international words with a grammar that can be learned in one tenth the time of any other language in the world because it uses simple prefixes and suffixes to build words. It is not meant to replace anyone's language but rather to provide a quick, time efficient way to communicate between languages. If a person learned 300-999 international word roots and spent only one hour studying the scientifically designed grammar of Esperanto which fits on just one sheet of paper, they would be able to understand ninety percent of all basic human communication with any other person who had done the same. The rest could be easily looked up in a pocket dictionary. (Wes even compiled a dictionary.) To test this research and prove it, Wes went to San Francisco State University, learned Esperanto in three weeks and was able to communicate with others around the world within a month. He later received over 700 letters from around the world successfully using this basic vocabulary to communicate with others from over eighty countries most of whom did not understand English. (About twelve percent of all persons understand English well, or will have the time to learn it in their lifetime. One in seven Americans do not understand English.) His book "Important International Language Research with References," "International Vocabulary," and "Esperanto the International Language," have received orders from around the world.

Over several years he compiled a family history with over 3000 records and narratives. Many relatives wanted copies so he made copies and gave them away. He made it available free to family members. What is good is that the history of many families is now preserved for future generations. There is more than just family records. It tells how people lived at different times without all of our modern appliances and improvements. This hopefully may also give perspective to future generations.

In doing the above history. He discovered in his grandfather's attic some diaries written by a great Uncle Daniel J. Stewart. These old faded pages told about everyday life back in the 1800s, listing births, deaths, cause of death, daily activities, the weather etc. He researched the History then carefully copied the fragile pages. The resulting book was named Diary of an American Farmer had notes, maps and records that The Branch County clerk does not have. So it is a major first hand source for historical information about Michigan families. The book ended up being over 1000 pages long. He donated copies of this book to several libraries so that the information in it will be preserved for future generations. It cost him well over \$1000 and took several months of his life to do. He has not made a cent on it but it is a source of great satisfaction to him as he feels he has made a contribution to history for future generations.

He researched and wrote "Amplenomics Ample For All Can Be Created Workable Solutions To The Problems Of Our Time." There are many problems in the world. He researched the best solutions for them and put it down on paper. The book also tried to show how Ample for all can be created. For example There are enough materials in the world to make it possible to create enough shoes (and all other needs) for every human. His purpose was not money but rather to share ideas on how to help create a better world for all of us.

The History of Center Line with pictures was a 125 page book but had other extensive research behind it. This book later became over 600 pages long and was the most comprehensive history written about Center line and Warren. After trying without success for years go get the old timers to write down the history he finally did it. He donated thousands of historical pictures to libraries and historical magazines. Not for money but rather so historical information could be preserved for future generations.

He compiled a small booklet "Bits of Wisdom." He also promoted the Universal Declaration of Human Rights. His intention was to help stop the suffering on our Spaceship Earth. We cannot create a better world without a decent code of human conduct, and recognition of human rights. He still believes that in the future all humans should be able to understand other humans especially during emergencies. If children around the world could learn to use 300-999 basic international words for use between languages, within a generation much human suffering and misery could be prevented and a better safer world created. Modern Languages Compared and "International Vocabulary Thru Pictures" were begun again not to make money but rather to spread good ideas that have potential to save lives down the road. He also did other humanitarian work.

In his last years he continued to teach at college level and to educate the public thru (modern spelling let's get rid of the outdated archaic ough) his website <http://dogoodforall.today> offering success tips and links to scholarships and much good information on how to improve things.

He placed the following letter in his will to be given to his grandchildren.

"Since I will not be alive to explain some things to you so I am writing you this letter for your knowledge. Most important no matter what ever happens, I will always love you and will be concerned with your welfare. I will always be your grandfather or greatgrandfather and your friend. As you go through life you will find that true friends are rare. After I am dead my wish is that I could be your guardian angel to help you in times of need but I don't know if this is even possible.

We all make mistakes and I have made many. What is important is to learn from them. As long as you are alive there is hope. Sometimes we make bad decisions because we have not taken the time to think. You are blessed with a good brain; use it and take care of it. If you ever doubt that look out in the world and you will see many others that are not blessed with your intelligence, abilities and health. And many do not even use good common sense. It is best to find and keep/maintain good friends with good judgment. Your choice of friends can make you or break you, particularly when you are young. Bad friends are like a contagious terminal disease.

Do not fall into the trap of negative thinking. If you only allow your brain to think negative thoughts you can destroy yourself and others. Worry is a waste of time and energy. When you have a problem first try to reason out what the real problem is. Define the real problem. When one is depressed one tends to find many things that look like big problems but in reality when you look back later on you will find that most of them were just little stumbling blocks that can be resolved without too much work. You can work your way out of most situations one step at a time. Sometimes it is good to get a little help. If you have good friends sometimes they can help. The crisis center can often give references to resources you are unaware of. My grandfather went thru the great depression when they didn't even have enough food to eat. And there were no food stamps then, or welfare. My father was in a war and saw hundreds around him die. He carried a New Testament that saved his life emotionally and once when it stopped a bullet. I have found myself down in seemingly hopeless situations many times but I said a prayer and used my wits and worked my way out. Depression can also be the result of a chemical imbalance. If it keeps on get a medical exam and perhaps psychological help. I am not saying you have depression. But many people suffer for years with a chemical imbalance that could be cured.

When in doubt ask the infinite intelligence about it (pray). If possible pray for an answer and sleep overnight. This lets the subconscious mind work on it. Often serious problems take days or weeks to resolve. Keep seeking solutions. Never give up!

Winners don't quit and quitters don't win. Seek and you will find. It often takes some work and planning.

Take time to think and plan a little each day. If you fail to plan you plan to fail. Wisdom stands the test of time. The best thing to do may be to do what is best in the long run rather than the emotion of the moment. Set reasonable goals. Decide what you want to do. Make a plan to do it. Determine if it is right, just and fair, then go to work step by step. The longest journey starts with but a single step.

Following emotions can get us into trouble. Emotions can blind your reasoning. I am not saying one should be cold and uncaring but emotions of anger, fear, hurt, depression and so on are controlled by your thoughts to a large extent. You are what you think. You can and should control your thoughts. If you want to be happy, think happy thoughts. We all make our own happiness to a large degree. I have been very poor for long times and yet was happy. Music helps a lot of people be happy. Helping to make a better world made me very happy. If you want to be a success, think success. Strive to be the captain of your ship always in control of yourself and your reason. Be a thinking intelligent person rather than an ignorant unthinking fool. We all do stupid things sometimes.

Always do what is right. Make sure you are right then go ahead. Be prepared, be persistent, be determined, Be Enthusiastic!!! Think. Ask questions. Ask what, why and how. Examine your life. Know yourself.

May I recommend the following books to you: First my book "Be a Success with Proven Success Practices." This little 40 page booklet can save lives. Also read: The Boy Scout Handbook; How to Make Friends and Influence People by Dale Carnegie;

Autobiography of Ben Franklin, Think and Grow Rich by Napoleon Hill; As a man thinketh by James Allen; Johnathan Livingston Seagull; Your Family History by Wesley E. Arnold also by the same author Diary of an American Farmer; Amplenomics Ample For All Can Be Created Workable Solutions To The Problems Of Our Time; Esperanto The International Language; Bits of Wisdom. The New Testament- 1 John 3, 1 John 4, 1 Corinthians 13 & 14, Matthew, Mark, Luke and John. Socrates, Jesus and Ben Franklin among many others had many good ideas. 1984 by George Orwell about Big Brother which is happening now in China and other places. Reading is a good habit.

Here are Franklin's Maxims:

Silence. Speak only what will benefit others or yourself.

Order. Let all things have their places. Let each part of your business have its time.

Resolution. Resolve to perform what you ought. Perform without fail what you resolve.

Frugality. Make no expense but to do good to others or yourself; that is; waste nothing.

Industry. Louse no time. Be always employed in something useful. Cut off all unnecessary actions.

Cleanliness. Tolerate no uncleanness in body, clothes or habitation.

Tranquility. Be not disturbed at accidents, common or unavoidable, or at trifles.

Example. Imitate Jesus and Socrates. Practice Love and Kindness and ask questions.

I would add look for opportunities. Note although I put God is Love on my stone It is the highest honor I can place on him/her/it. No one as far as we know really knows about "God" or of her existence. Gods are an invention of mankind but I still hope there is one and he is LOVE.

If I live longer I would like to do the following: help you be the most and best you can be; promote and practice Love and Kindness (The teaching of Jesus); and that Love and Kindness should be the Standard of Human conduct, and find ways to help stop the suffering and dying on Spaceship Earth. I wish you happiness. Be careful.

Wesley Edward Arnold

He donated his organs to help save lives and will be cremated then buried at Forest lawn Cemetery in Detroit MI.
