Although the Qurayza Jews surrendered peacefully, Md decided that every man 600-800 of them would be beheaded and their widows became sex slaves (some were then traded for horses) and the children slaves. Islam is mostly a Md cult with very little religion and has produced mostly suffering and killing. Caliphs were polygamous and maintained harems of hundreds of captured sex slaves.

The word 'love' appears **five times more often** in the **New Testament** than in the Quran, Contains not a single original moral value.

A high ranking Islamic executive in the United States recently said, "if we are practicing Muslims, we are above the law of the land."

OK SO Md was not a nice person and they have a bloody history of mistreating people. But we know many Muslims at work, school and even neighbors who appear to be nice folks. Their kids go to school with our kids and there appears to be no problem. You are right on the surface and by most appearances. But!

But let's look at the big picture: This is the honeymoon period of their plan when Islamic immigrants come in and are purposely extremely nice and are told not to cause conflicts. They don't even fully educate their children on the real practices of Islam. And Muslims are allowed to be half Muslims and weak followers. Many of the so called Muslims here in America, if they lived in any fully Islamic country, would be threatened to either stop their Western ways and practice full Islam or be executed.

The more American and peaceful Muslims are in America the more they will be accepted and the more immigrants will be allowed to come in and the more relatives they will be allowed to invite to move here. The goal now is to build up numbers, get into political offices, influence laws, pass anti hate laws which sound great but are really a ruse to stop the facts about the real Islam from going public.

Their young people are almost forbidden to read the Quran which they are told must be read in Arabic which most do not read. And they accept the fluffy nice stories about their beloved prophet without question and are not told about his real cruel, killing, robbing and raping history and ordering his men to do the same and the bloody take over of the Middle East, Pakistan and Africa (and other areas around the world still in progress).

Most appear to be good neighbors, workers, fellow students and are accepted as such. But there are other things going on. They are bringing in large numbers of immigrants. They are having children at a much higher birth rate and with multiple wives, many of which are on welfare at our expense.

They are building their power getting into our government, taking over university religious departments..

They have a marvelous propaganda campaign spreading lots of half truth about Islam such as Islam allows other religions. But once they get a majority other religions are eradicated as are other religious monuments. Again just look at any country they have taken over. No Buddhist temples of Buddhists left in Afghanistan, not even I left alive today. No Christian churches in Iran or Iraq or Pakistan. Oh and lying is an accepted one of their practices.

On a more personal note sure most of our Muslim neighbors appear to be fine but **as a Pew study showed** there is a **fairly large percentage that are militants** but who have to wait until they have enough power meaning a near majority before they act. There are a few areas in the USA and in Europe where they have established no go zones. The local police are afraid to go there. So there are now areas in Non Muslim countries that are Muslim areas under Sharia Law where the country's law is no longer enforced including protection of women and girls. Little girls in these areas may find themselves being forced to have intercourse with older Muslim men which is legal in Sharia law. Killing of non Muslims or of people who decide not to be a Muslim any longer can be legally killed and are. **Rape of non Muslim girls is not punished in these areas.** Malmo a large city in Sweden for example let in many Muslim immigrants and now have a huge crime and rape problem because they formed no go zones where the police are afraid to go and everyone is afraid to testify. . Do a search and find out about this huge problem yourself.

I am a veteran and many of my veteran friends can share stories of how they had friends killed by Muslims and many times by Muslim insiders whom they made the mistake of trusting. **They put bombs in children's clothes sent them to Americans telling them we would give them chocolate. Americans (non believers) died trying to get the bombs off of the children. They followed Quran orders to "kill the non believers."**

That is why many of us veterans are not singing any praises about Islam.

Finally look at the news 99% of all the terrorist bombings, suicide bombers, and attacks on innocent persons in churches, at shopping centers, train stations, airplanes were and are being caused by Islamists who are promised and believe that they will go instantly go to heaven in the process of killing non believers. Remember the 9-11 attack which was actually the second attack on the World Trade Center. Causing in time over 3000 deaths and thousands of cancers since then. The first was on 2/26/1993 when 1000 were injured. And there have been 35,905 of their attacks since 9-11. The facts and statistics and proof is at <https://thereligionofpeace.com/>

So before you foolishly accept the stealth jihad propaganda they put out you should take a look and find the real facts.

Honor killing in America: DOJ report says growing problem is hidden in stats By Hollie McKay , | Fox News May 3 2016
The estimated 27 victims of so-called "honor killings" each year in the U.S. don't fit neatly into the FBI's exhaustive Uniform Crime Reporting Statistics.

Hidden among thousands of nondescript murders and cases labeled as domestic violence are a mounting number of killings motivated by a radical and dark interpretation of Islam. Honor killings and violence, which typically see men victimize wives and daughters because of behavior that has somehow insulted their faith, are among the most secretive crimes in society, say experts. “Cases of honor killings and/or violence in the U.S. are often unreported because of the

shame it can cause to the victim and the victim's family," Farhana Qazi, a former U.S. government analyst and senior fellow at the Center for Advanced Studies on Terrorism, told FoxNews.com. "Also, because victims are often young women, they may feel that reporting the crime to authorities will draw too much attention to the family committing the crime."

Most of the **figures on honor-based violence and killings are gross underestimations**. Since not all countries and justice systems distinguish between honor-motivated crimes and domestic violence or homicides committed for other reasons, it is difficult to obtain an accurate count of honor based violence and honor killings. Additionally, there are not always reporting mechanisms in place and even countries that have laws criminalizing honor-based violence and killings have loopholes that allow these crimes to go unreported and unpunished.

Honor violence is used as a means of forcing girls and women into obedience, a way to control their lives and their bodies — but there is no honor in stripping someone of their freedom or taking a life. "I do not even wish to use the phrase 'honor killing': there is not the faintest vestige of honor in killing a woman in this way," the UN High Commissioner for Human Rights has said. (same source Global Citizen)

THERE IS NO HONOR IN HONOR KILLING IT IS JUST BRUTAL UNNECESSARY MURDER.

Islam is an ideology, a set of ideas. "Don't judge the Muslims that you know by Islam as everyone has individual beliefs. The active devout ones estimated to be about 50% are the cult whose goal is to build their numbers and support and eventually take over our country and make it an Islamic state.

Attacks here

I was personally threatened by an Islamist and told that I would suffer a fatal accident.

See above in our area, several so called "honor" killings which are really murder of innocents.

If you doubt this is a cult remember cults follow a human and don't like people to leave. An Iraqi young woman, Muslima aka Maria converts to Christianity, then her Islamic brother and uncle murder her On March 7th, 2022, just a few hours before the start of March 8th, also known as International Women's Day, another femicide.

The death penalty for leaving Islam is part of Islamic law. Muhammad said: "Whoever changed his Islamic religion, then kill him" (Bukhari 9.84.57). Mar 12, 2022 12:00 pm By Robert Spencer Jihad Watch and local sources.
